

## Scientific Products

Communications & Power Industries LLC Microwave Power Products (CPI MPP) specializes in custom products from technical design through production. CPI MPP is a major technology contributor to multiple particle accelerators and other scientific programs worldwide.

- Power up to 100 MW
- IOTs 352 MHz - 1.3 GHz
- Gyrotrons 28 - 600 GHz
- Klystrons 200 MHz - 35 GHz
- Power Grid DC - 100 MHz
- TWTs 1 - 100 GHz

CPI Microwave Power Products Division offers:

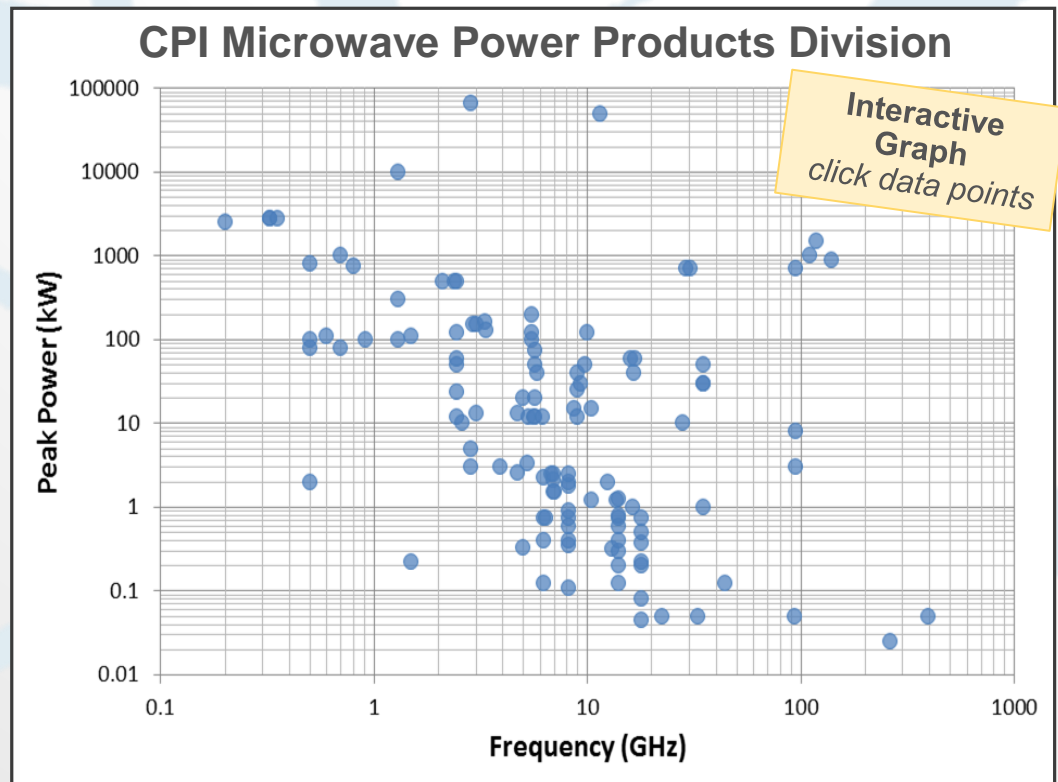

- Maximum up-time, minimum maintenance
- Robust, long-life designs
- Experienced engineering staff
- Installation assistance and superior post sales support
